## Congratulations

### You're now under the protection of the king

Since you've already decided to join the King Price royal family, we realise that we don't have to tell you what a wise decision you've made. Please keep that in mind though as you go over the information that follows in your KPPD (King Price Policy Document).

We're not going to sugar coat the reality... It's long. In fact, it consists of 80 plus pages. And it's comprehensive. As you read it, you'll find words like 'substantiate' and 'modification'. Not to mention 'comprehensive'. We sympathise. We really do. After all, who actually wants to read a long and probably boring policy document?

Well, to be honest, maybe you do. Because this is your long and probably boring policy document. It explains the cover you enjoy, based on the information you've given us, and it conveys the finer details of your policy and all your responsibilities in (we hope) the clearest possible way.

So, even though we hate to nag, please read your KPPD, check all the details on your schedule and make sure that you fully understand the policy wording. If anything is unclear at all, or should you need to update your information, don't hesitate to give us a call on +264 83 600 7000.

It's in your best interest to do so.

Remember, incorrect details = incorrect cover.

Royal regards,

King Price

# Things you need to know

## Your King Price policy... It's all about you

Your contract with us (King Price) consists of this policy wording, your policy schedule, all written correspondence and verbal agreements. You need to ensure that all the information is correct. Incorrect information may influence the validity of the contract and/or the outcome of your claim.

If anything (at all) is not correct, please contact us immediately to have it updated. Remember, incorrect details = incorrect cover.

**KPPD**

**+ Schedule**

**+ Written correspondence**

**+ Recorded calls**

} = *Your policy*

## When it starts

The commencement date (start date) of your cover is the date on which we agreed that the policy should start. The first premium must also be paid by this date.

## Monthly premium

Your monthly premium is the amount that you need to pay in advance every month, by debit order, to enjoy the insurance cover you chose.

## How and when to pay

Your monthly premium must be paid on the agreed payment date, and in the manner agreed upon.

**Please note: You always pay for insurance in advance. If your debit order date falls over a weekend or on a Namibian public holiday, collection will be on the next ordinary business day.**

## And if you don't pay

Let's say your debit order is returned by your bank, and your insurance premium due to us isn't paid as a result of that:

- An additional admin fee will be charged.
- You'll have a grace period of 15 days from the date of payment that has been agreed between you and us (as noted on your policy schedule), to correct the situation and pay us. If your premium is paid on a monthly basis, the 15-day grace period will commence from the second month that you're insured with us.
- If the premium remains unpaid, you'll unfortunately not be covered for the full period that would have been covered by this unpaid premium. This break in cover may also result in your policy being re-rated.
- Should any incident happen for which you want to claim during this 15-day grace period, the approval of such a claim will only be considered once we have received your premium payment in full, and no later than the 15th day of the grace period.

**Please note: If we don't receive the payment for 2 months in a row, we'll immediately cancel your entire policy and you'll no longer enjoy cover. Remember, no premium paid = no cover.**

So, to ensure continuous, peace of mind cover, please make sure that there's enough money in your bank account every month, on the date that you asked us to deduct your premium.

## What you need to pay, if you need to claim

If something happens for which you need to claim, you'll be expected to pay the basic excess amount, as stated on your policy schedule.

You may also be expected to pay any of the additional excess amounts (refer to your policy schedule).

## If you want to leave us

Let's hope that you never need to make use of this section, but just in case:

- You may cancel your policy at any time and with immediate effect. If you do, we'll refund the relevant portion of your premium, less any administrative cost, provided that no valid claim has been submitted for that period.
- We may also cancel your policy by giving you 30 days' notice. We would do so verbally, email or post to your last known address.
- Your policy will automatically cancel when your monthly premiums are not paid for 2 consecutive months, either on the payment dates or within the grace periods in those months. Your policy and cover will end on the final day of the period for which you last paid your premium.

## Need a change

You may make changes to your policy at any time, by simply calling or emailing us. Any change you make will be effective from the time and date agreed to. An updated policy schedule will then be sent to you. In such a case, please check that the changes were made just as you had requested.

Remember, incorrect details = incorrect cover.

King Price may also make changes to your policy, as and when we deem it necessary to do so. When we do, we'll give you 30 days' notice.

## Sharing of info

We respect the confidentiality of your information and will never misuse it. For the sake of sound insurance practices, however, it's sometimes expected of insurers to share some information relating to claims, insurance and the financial history of their clients.

## Need to claim

We have the choice to settle your claim in any of the following ways:

- Paying out cash to you.
- Repairing the damage at a repairer of our choice.
- Replacing the item at a supplier of our choice.
- Any combination of the above.

**Please note: Where any item claimed for is financed, we'll first pay the finance institution, before paying over the balance of the insured amount to you.**

## Asbestos

# The stuff you need to do...

## Yip, you

### Ask the king

- Me** What do you mean I have 'stuff to do' as a King Price policyholder? What stuff? You mean there are other things I have to do besides paying my monthly premium?
- KP** King Price doesn't ask for much. We give you super cheap premiums and we automatically decrease them every month, as the value of your car depreciates.
- Me** I know, it's an awesome deal! That's why I joined you!
- KP** But the king also needs your help. We're counting on you. We'd hate to see your claim being rejected or the validity of cover being questioned because you didn't do what was needed on your part. So please...

### Pay us

Pay your premiums, on time, every month.

### Be honest

Always provide us with true and complete information. This also applies when anyone else acts on your behalf.

### Tell us

Inform us immediately of any changes to your circumstances that may influence whether we give you cover or continue to give you cover, or that could affect the conditions of cover or the premium that we charge you.

This includes any changes/incorrect details of any of your information, such as:

- Personal information: All of your personal details on the policy schedule are very important.
- Address: If your address changed because you have moved.
- Car and motorbike details: Any changes to the regular or named drivers, what you use your car or motorbike for, or where you park.

- Financial status: Anything we need to know about your financial position or that of any person covered under your policy. This specifically relates to issues like defaults, civil judgments, debt review, sequestrations, administration orders and liquidations of companies in which you have an interest.
- Potential risk: Let us know if your home will be unoccupied for any period longer than 45 days in a row.
- Other factors that may influence cover: We need to know when your home is let or sublet.
- Changes to the insured structure: Notify us of any alterations, additions or improvements that are made to your home.
- Criminal charges or convictions: Against you or anyone covered by this policy.
- Accidents, incidents, claims or losses: That you suffer, after entering into a contract with King Price, whether these occur while you are insured with King Price, or another insurer, or whether you're uninsured at the time of the incident.

## **Look after your stuff**

Take reasonable, necessary steps to prevent or minimise loss, damage, injury or liability.

This includes:

- Obeying all legal requirements and manufacturers' recommendations.
- Maintaining the property, or items, in a fit and sound condition.

## **Keep your promises**

You need to give us:

- All information and documentation we ask of you, within the timeframe we set.
- True and complete information to us and the authorities. We act on the information you provide, therefore any information which is misleading, incorrect or false will prejudice the validity of your claim.

## **Keep your receipts safe**

You need to please:

- Prove ownership and the value of any item that you're claiming for.
- Make damaged items, which you're claiming for available for inspection, in order for us to verify the full extent and nature of the damage.

## **Make double bubble sure**

That all those who are living with you, or who are driving your car, or riding your motorbike, are indeed adhering to the terms and conditions of this policy.

# How to claim

## But let's hope you won't ever need to

**First and foremost, if you have an accident and you're covered by the king's comprehensive car or motorbike insurance...**

It's vital that you phone the King Price client care line (as soon as possible after the accident, before the car or motorbike is towed and when you're medically able to do so). Client care will arrange and authorise the towing of your car or motorbike.

\* **Please note: You'll be personally responsible for the cost of the towing and storage if you don't comply with this. So, save the number on your phone now: +264 83 600 7000.**

## What to do in the event of a claim

### Tell us

The sooner you notify us, the quicker we can help you. Please take note of these important time limits:

- Report your claim or any incident that may lead to a claim, to us as soon as possible, but no later than 30 days, after any incident.
- This includes incidents for which you don't want to claim right away, but which may result in a claim in the future.
- Give us all documentation relating to your claim, as soon as possible. You can drop us an email at [claims@kingprice.co.na](mailto:claims@kingprice.co.na)

### Tell the police

- If you've been involved in an accident, you must report it to the police within 24 hours, even if there's no damage to your car or motorbike.
- If you've suffered a theft, hi-jacking, burglary or any crime-related incident, you must tell the police immediately after becoming aware of the incident.

### Do the paperwork

You need to provide us with a copy of:

- The police report.
- The police case number.

- Your statement to the police.
- Details of the police station and attending officer.
- A detailed list of all items lost, stolen or damaged.
- Any other relevant documentation needed to validate your claim.
- Details of any third party involved in the incident, if applicable.

## **Check and let us know**

If there's any other insurance policy which covers the same insured incident.

## **Keep us updated**

You need to tell us immediately if:

- You become aware of any possible prosecution, legal proceedings or claim that could be lodged against you, as a result of the incident, for which you have already claimed.
- Any other relevant or new information which has, in the meantime, come to light regarding the insured event that you have claimed for, even if this information only surfaces after you've submitted the claim, or if the claim has already been finalised.

## **Wait for us to help you**

Never permit any replacement or repairs that haven't yet been authorised by us. Get our written approval first before disposing of any damaged property, or repairing or replacing any losses that you may have suffered. Failure to do so may lead to your claim being rejected.

## **Help us help you**

You need to act on, or take note of, the following:

- Pay all the excess amounts, plus any additional excess amounts, that you have to contribute for each claim, if relevant and as shown on your policy schedule.
- The excess amount that you have to pay will consist of:
  - The basic excess amount that applies to each specific insured incident/item.
  - Plus any additional excess amounts that may be applicable for some of the insured incidents or circumstances, the details for both of which are shown on your policy schedule.
- Excess payments are also payable in circumstances where you didn't cause the accident.
- Assisting us, where possible, in any recovery action against any third party responsible for the loss or damage. We'll reimburse you for any reasonable extra expenses that were incurred for this purpose.
- Complying with our instructions and requests, as and when we need your assistance.

## Get it done

Any repairs or replacements must be completed within 3 months of your claim being settled.

## Let us take care of the difficult part

Never admit guilt or offer a settlement to any other party involved in an incident in which you're involved. We won't be bound by any such admission or offer that you make.

So, no matter what, never, ever admit guilt or offer a 'settlement' to any other party involved in an incident, in which you're involved. This may prejudice any attempt to recover any money spent on repairing your car, motorbike or watercraft.

Just let us take care of everything. It's our job.

## Ask the king

**Me** When do I admit guilt in an accident that I'm involved in?

**KP** Never.

**Me** But suppose it's totally my fault, the street's full of people watching and someone's recording the entire incident on his cellphone. Do I admit guilt then?

**KP** No.

**Me** Suppose I have an accident in front of a police roadblock, and 2 dozen traffic cops saw the whole thing. Do I admit guilt then?

**KP** No.

**Me** And in addition to the 2 dozen traffic cops, there's also a busload of judges and the Minister of Transport, all on their way to a 2-day gig on road safety. Surely I admit guilt then?

**KP** No. We need to be extremely clear about this. We know that you're a nice person and that you want to do the right thing. But sometimes we don't think clearly after an accident, no matter whose fault it is. So no matter what, never, ever admit guilt or offer a 'settlement' to any other party involved in an incident in which you're involved. This may prejudice any attempt to recover any money spent on repairing your car, motorbike or watercraft. We'll therefore not be bound by any admission or offer that you make to any person in relation to any incident. Let us take care of this for you. It's after all what you're paying us for... So 1 more time: When do you admit guilt if you're involved in an accident?

**Me** I guess never.

# Our commitment to you

The king and his court are committed to settling all valid claims, as quickly as possible. However, it's in the interest of all our policyholders, including you, that we investigate the validity of every claim. For this reason, delays in authorising claims may sometimes happen. Sorry, but not everyone is as honest as you, so we have to just check to make sure. You understand... Right?

## Settlement of your claim

Your claim will be paid out according to the amount of cover that you have for each particular insured incident or item (as noted on your policy schedule), less the excess amount that's payable by you.

Where it's relevant, instead of paying out cash for your claim, the king and his court may decide to rather have repairs done, or to replace the items that you've claimed for. Or sometimes your claim may be settled through a combination of cash, repairs and replacements. In such cases, we may make use of trusted suppliers of our choice. We may also choose to replace your lost or damaged items with similar ones, instead of the exact same kind.

### Insured amount

- Standard excess

- Additional excess, if applicable

} = Your payout

## Dual insurance... Double cover doesn't = double payout

If a claim is also covered by another insurance policy that you may have, we'll only pay you out for our portion. So, if you insure an item for N\$100,000 elsewhere and the same item is insured for N\$100,000 with us as well, we'll only pay half, and the other insurer will be liable for the rest of the amount.

## We may act on your rights... Let the king protect you

When you submit a claim, we may act on your rights or obligations against other people to recover costs or defend any claim that they may make against you. If we manage to also recover the excess amount that you've already paid, then we'll refund it to you. Relax, we have your back.

## Fraud or dishonesty... Honesty is always the best policy

If your claim is rejected due to fraud or dishonesty, you'll need to pay us back for any expenses that we may have incurred, relating to your claim. If you, or anyone acting on your behalf, submits a claim or any information or documentation relating to any claim, that's in any way fraudulent, dishonest or inflated, we'll reject that entire claim and cancel your policy retrospectively, from the date on which the incident was reported, or from the actual incident date, whichever date is earlier.

Remember, honesty is always the best policy.

### Ask the king

**KP** We hate to offend anyone... But it's time to discuss the 'F' word. We're talking, of course, about 'fraud'. We'd rather not even bring it up. But we have to.

**Me** Is it possible to commit fraud or be dishonest when submitting a claim?

**KP** It's possible. Just not a good idea and anyway, fraudsters always get caught. So please take note of 1 of the king's most serious rules: If you or anyone acting on your behalf submits a claim that's in any way fraudulent, dishonest or inflated, the entire claim will be rejected and your policy will be cancelled. And even worse, the king will be extremely disappointed in you. The king trusts his loyal subjects, so remember, honesty is always the best policy.

## Disputed claims... If you're not happy with the outcome

If you disagree with the outcome (our final decision) of your claim with us, you may, of course, officially object against it. You have a total of 9 months to object against the outcome. During the first 90 days (3 months) of this period you may lodge your objection with us.

Following directly on the first day after the 90-day period, mentioned above, you'll have a further 6 months to serve a formal summons on us. If you haven't formally raised your objection within any of these reasonable time frames, you'll then no longer have the right to challenge the outcome.

\* **Please note: You're more than welcome to send any of the above correspondence to [claims@kingprice.co.na](mailto:claims@kingprice.co.na) and we'll take care of it for you.**

# Nasria

## National Special Risk Insurance Association

### In a nutshell...

Nasria offers supplementary insurance cover for political riots and other extraordinary events that are generally not covered by other insurance companies.

Nasria requires that the person or entity must first have an underlying policy in the areas that it operates in though, before being entitled to such cover. Simply put, Nasria is like an additional, or 'add on', type of cover to an existing insurance policy, and it's automatically included in all sections of your policy.

\* **Please note: To qualify for the Nasria cover you, and anyone covered under your insurance policy, have to comply with the terms, exceptions and conditions contained in your policy schedule.**

## What's covered by Nasria

You're automatically covered in Namibia and whilst temporarily in SA, only for the loss or damage caused by any act or attempt calculated or directed to:

- The overthrowing or influence of any state or government, local or tribal authority with force or by means of fear, terrorism or violence.
- The bringing about of loss or damage in order to further any political aim, objective or cause, or to bring about any social or economic change, or in protest against any state or government, or any provincial or local authority, or for the purpose of inspiring fear in the public.
- The bringing about of any riot, strike or public disorder, which includes civil commotion, labour disturbances or lockouts.
- The act of any lawfully established authority in controlling, preventing, suppressing or in any other way dealing with any incident referred to in the above.

\* **Please note: Where you're covered by 1 or more current and valid insurance contracts issued by, or on behalf of Nasria, the maximum sum payable is N\$1.5 billion during any calendar year.**

## What's NOT covered by Nasria

Nasria doesn't cover any loss or damage that's caused by:

- Stoppage or deliberate slowing down of work.
- Consequential or indirect means.
- Your property being dispossessed, resulting from its confiscation, commandeering or requisitioning, by any lawfully established authority.
- Any act of terrorism involving the threat of, or actual use or release of any:
  - Nuclear weapon or device.
  - Chemical or biological agent.
- Any act of terrorism including the actual use or threat of force or violence by any person or group, whether acting alone or in connection with any organisation or government, and which is committed for any political, religious, ideological or personal reasons, including the intention to influence any government or to create fear in the public.

If Nasria states that any loss or damage isn't covered because of the exclusion noted in the above, you'll bear the responsibility of proving that the exclusion doesn't apply.

**\* Please note: All incidents that may give rise to a claim in terms of Nasria must be reported to the police, as soon as reasonably possible.**

# Car insurance

**No matter what car insurance cover you choose, this information is for you. So it's best to read it... Yip, all of it.**

## By 'car' we mean

- Any registered motorcar or LDV (light delivery vehicle/car).
- The car that you have insured with us, as noted on your policy schedule.
- Cars that are used for any of the following aren't covered by the king:
  - Emergency services (including traffic control and armed response).
  - Law enforcement.
  - Towing.
  - Taxi purposes or transporting of fare-paying passengers.

## What it's worth

The insured value that's shown on your policy schedule simply refers to what it's covered for. In the event of a claim from you, the maximum amount that we'll pay is the total value of your car minus:

- The basic excess amount that's payable by you, as noted on your policy schedule for each type of claim.
- Any additional excess amounts that are payable by you, if applicable, and if noted on your policy schedule for that type of claim/circumstance.
- Any dual insurance, meaning if you're covered for the same amount at another insurance company, we're only liable for our portion of it.
- Betterment values, if applicable.

If the car is financed, we'll first pay the outstanding settlement over to the relevant finance institution, up to the maximum insured value. This excludes settlement penalties and interest charges on arrear payments that your finance institution may charge. The balance, if any, will be paid to you.

**Please note: If your car is stolen, hi-jacked or written-off and we find that it's registered as a built up vehicle, we'll pay you up to 70% of the insured value.**

We know that your car is worth the world to you, but in reality it's the reasonable market value that counts. The insured value of your car and its accessories is determined through resources like the Auto Dealers' Guide. This guide takes the age, mileage and condition of your car and accessories into account. Should the car not be listed in the guide then we'll establish its reasonable market value from a suitable source.

If the car has been hi-jacked or stolen and not recovered, or if it has been written-off, then we'll pay the insured value, including the value of any specified, non-standard or factory-fitted accessories, according to reasonable market values.

## **Agreed value**

You must provide us with proof of the value of the car before the cover starts. If the condition of the car at the time of the claim is worse than at the time of the valuation, the payout may be less than the agreed value that's stated on your policy schedule.

You must give us proof of the value of the car for the next 12-month period of insurance on the renewal date of the policy. If we don't receive proof of value on the renewal date of the policy, the agreed value that's stated on your policy schedule will remain the same.

## **Replacement parts**

In the event of loss or damage to the car or its accessories or spare parts necessitating the supply of a part not obtainable from stocks held in the country in which the car is held for repair or in the event we exercise the option to pay in cash the amount of the loss or damage, our liability in respect of any such part will be limited to:

- The price quoted in the latest catalogue or price list issued by the manufacturer or his agent/s for the country in which the car is held for repair.
- If no such catalogue or price list exists, the price list obtained at the manufacturer's factory plus the reasonable cost of transport otherwise than by air to the country in which the car is held for repair and the reasonable cost of fitting such part.

## Who drives your car

The regular driver, is the person who drives the car most often during any monthly period and who's noted as such on your policy schedule. You need to let us know immediately if the regular driver of the car changes, like if you give the car to your child, or if your spouse starts using it more than you do.

### Ask the king

**Me** I'm confused about the term 'regular driver'. Does it have anything to do with a diet high in fibre?

**KP** No. The 'regular driver' is whoever drives the car most in any monthly period.

**Me** That would be me.

**KP** Good. Then you're the regular driver.

**Me** But lately my son drives the car more than me, as I let him drive to the track every day.

**KP** Did you tell us about the change of the regular driver so that we could change it on your policy too?

**Me** Uh, no.

**KP** Unfortunately, that's a problem. We would be charging you a premium based on the risk profile of an older, more experienced driver, such as yourself, rather than the profile of a younger and less experienced driver, like your son.

**Me** Oh. I see.

**KP** The difference in profile means we would have to charge more to insure your son as the regular driver. So, if the profile is based on you, we'd be receiving the incorrect premium. This, unfortunately, also means that you're not correctly covered. By the way... What does your son do at the track every day, is he training for the Olympics?

**Me** No, he wants to be a professional racing car driver.

**KP** Well, you better give us all his details immediately so that we can revise your monthly premium.

Remember, incorrect details = incorrect cover. So, please always keep us up to date on ANY changes.

## Optional cover

Cover more, pay a little more

Your choice, our pleasure

\* Please note: The following are options that you may choose to add to your basic car insurance, to enjoy a little extra cover. These will only be valid if they're noted on your policy schedule, and an additional monthly premium is charged for each of them.

## Car sound equipment and other accessories

The insured value of your car covers the value of the car, including the standard, factory-fitted sound equipment and accessories. If your car has additional extras which aren't standard and/or factory-fitted, you must specify and insure them separately in order to have cover for them.

You may select optional cover for the loss of, or damage to:

- Non-standard or factory-fitted car sound equipment.
- Non-standard or factory-fitted car accessories.

If your standard factory-fitted sound equipment and/or accessories are stolen or damaged, your basic car excess will apply. Should you prefer a lower excess for these items then you'll need to specify and insure them separately. # Motorbike insurance

## In a nutshell...

No matter what motorbike insurance cover you choose, this information is for you. So it's best to read it... Yip, all of it.

## By 'motorbike' we mean

- Any Namibian-registered motorbike, or any quad-bike.
- The motorbike or quad-bike that you've insured with us, as stated on your policy schedule, including all its parts and attached accessories.

Motorbikes that are used for the following aren't covered by the king:

- Emergency services (including traffic control and armed response).
- Law enforcement.
- Towing.
- Taxi purposes or transporting of fare-paying passengers.
- Deliveries.

The following aren't covered by the king:

- Full off-road bikes.
- Trail bikes.
- Pit bikes.
- Buggies and side-by-sides.
- Hyper superbikes.

## Who rides your motorbike

Only the named rider stated on your policy schedule will be covered in the event of a claim. This means that there won't be cover if anyone else rides your motorbike. You may ask us to consider an alternative rider for a period of time that's less than 30 days. You'll have to provide us with this person's insurance, claims and driver's licence history before we'll consider it and, if we approve, we'll give consent in writing. If this change is applicable for more than 30 days, we'll need to change the named rider stated on your policy schedule and adjust your premium accordingly.

Remember, incorrect details = incorrect cover. So, please always keep us up to date on ANY changes.

## What it's worth

The agreed value that's shown on your policy schedule refers to the amount that the motorbike is covered for.

This agreed value must be, well, agreed on by you and us, and must include the non-standard fitted extras and accessories.

This agreed value won't depreciate, and so your motorbike premium won't decrease monthly.

It's your responsibility to review this agreed value regularly.

If the condition of the motorbike at the time of the claim is worse than at the time of the valuation, the payout may be less than the agreed value that's stated on your policy schedule.

### Ask the king

**Me** I paid N\$200,000 for my motorbike, which was higher than the book value. (Don't tell my wife.) Is that the agreed value?

**KP** No. The agreed value is what we agree it is.

**Me** I added rims worth N\$5,000. Must I specify them separately?

**KP** No. They must be added into the agreed value, along with all other extras and accessories.

**Me** Will the value of my motorbike depreciate?

**KP** If it does, it won't affect the agreed value, and your premium won't decrease. It's up to you to revisit the agreed value regularly.

**Me** So, can we agree that my motorbike is worth N\$230,000?

**KP** Yes, but remember that the agreed value affects your premium...

**Me** I'll have to run it past my wife...

## In the event of a claim

The maximum amount that we'll pay is the agreed value minus:

- The basic excess amount that's payable by you, as stated on your policy schedule for each type of claim.
- Any applicable additional excess amounts that are stated on your policy schedule for that type of claim.
- Any dual insurance, meaning that if you're covered for the same amount at another insurance company, we're only liable for our portion of it.
- Betterment values, if applicable.

If the motorbike is financed, we'll first pay the outstanding settlement over to the relevant finance institution, up to the agreed value. We won't pay settlement penalties and interest charges on arrear payments that your finance institution may charge. The balance, if any, will be paid to you.

**\* Please note: If the motorbike is found to be built-up we'll determine the reasonable rebuild value, which will never exceed the agreed value. The agreed value must include all standard and non-standard accessories, and it's your responsibility to ensure that the agreed value always reflects the value of the motorbike and these accessories.**

## Replacement parts

In the event of loss or damage to the motorbike or its accessories or spare parts necessitating the supply of a part not obtainable from stocks held in the country in which the motorbike is held for repair, or in the event that we exercise the option to pay in cash the amount of the loss or damage, our liability in respect of any such part will be limited to:

- The price quoted in the latest catalogue or price list issued by the manufacturer or his agent/s for the country in which the motorbike is held for repair.
- If no such catalogue or price list exists, the price list obtained at the manufacturer's factory plus the reasonable cost of transport otherwise than by air to the country in which the motorbike is held for repair and the reasonable cost of fitting such part.

## **Keeping your motorbike safe**

Where a tracking device is a condition of cover, you need to inform the relevant tracking company, immediately after a theft or hi-jacking takes place.

# Shortfall cover

## In a nutshell...

If the car or motorbike that we insure comprehensively for you is financed by a financial institution, and it's written-off, stolen or hi-jacked, then shortfall covers any amount that you may still owe the financier after we've paid out its value. This cover must be noted on your policy schedule, and additional premium is payable.

## What's covered by the king

- The difference between what your car or motorbike is worth at the time of being written-off, stolen or hi-jacked, and what you may still owe the financial institution for it, if:
  - It can't be recovered after the theft or hi-jack.
  - It's not cost-effective to repair it after the accident or other insured incident.
- Balloon payments and residual values.

## What's NOT covered by the king

- Higher settlement amounts due to re-financing or re-advance amounts.
- Any payment arrears, interest on arrear amounts, or other extra finance charges.
- Early settlement charges.

- Any amounts that are refundable to you.
- The excess amount/s that's applicable to your comprehensive car or motorbike cover, and any other amount/s that may rightfully be deducted from the claim.
- Non-standard sound equipment, and extra trimmings and accessories, that have been fitted to your car but which you haven't listed on your policy schedule and which aren't part of the original finance agreement.
- Any claim under this section if your claim for the loss of, or damage to, your car or motorbike is unsuccessful, or if your King Price policy is cancelled.

In the event of any incident for which you can claim whilst the trailer or caravan is in Zambia or Angola you'll be responsible for the repatriation of the trailer or caravan to Namibia or SA. We'll cover you for repatriation costs up to N\$15,000. Until the trailer or caravan has been repatriated to Namibia or SA, no liability will be admitted or payments made in terms of the cover provided.

**\* Please note: Trailer or caravan contents insurance isn't automatically included under trailer and caravan insurance and must be insured separately, and listed as such on your policy schedule, with an additional monthly premium, or else these contents won't be covered. So, please check your schedule. Remember, incorrect details = incorrect cover.**

Any person living in Namibia permanently must get a Namibian licence within 1 year of becoming a permanent resident. There's no cover when the trailer or caravan is used for:

- Hiring or any other activities for which you receive payment, or from which you generate an income.

There's no cover when the trailer or caravan is in the possession of another party, who's selling it on your behalf, including when your trailer or caravan is at a dealer to be sold.

## **You're not covered for an unroadworthy trailer or caravan**

There's no cover when the trailer or caravan is involved in an accident and it doesn't meet the roadworthy requirements, as stated by road traffic legislation in Namibia.

## **You're not covered for intentional loss or damage**

# Buildings insurance

## In a nutshell...

Under buildings insurance you're covered for damage to the physical structures of your property, such as your home and its outbuildings.

## By 'buildings' we mean

The physical and permanent structures of the property, such as your home and its outbuildings, whether they're separate from the property or not, at the address that's noted on your policy schedule.

So, all permanent fixtures, fittings and improvements, such as driveways, walls, garages, fences, patios, swimming pools, as well as boreholes, swimming pools and spa pumps, gate motors, tennis courts, underground pipes and cables, can be insured under this section.

**Please note: Dams and dam walls, loose gravel paths and coverings, as well as pool cleaning equipment are excluded.**

## What it's worth

The insured value noted on your policy schedule is the maximum amount that we'll pay for any of your buildings insurance related claims, less the excess amounts payable by you, and less any dual and under-insurance.

## Insured value

- Excess
- Dual insurance, if applicable
- Under-insurance, if applicable

} = Your payout

You need to insure your buildings for their replacement value. This means the amount that it will cost you at the time of the claim, to repair or rebuild your property with new materials, also providing for the outbuildings, walls, swimming pool, etc.

The replacement value must also provide sufficiently for the following possible additional costs:

- Professional and municipal fees.
- Demolition charges.
- Waste removal.
- Making the site safe.

## Understanding under-insurance

Should you insure the building for an amount less than its replacement value, we'll then pay your claim out proportionately.

So, if the value of your building is N\$400,000 and you only insure it for N\$200,000, then you'll only be compensated for 50% of your loss.

\* **Please note: You must make sure that your replacement value is realistic, so that you'll have enough cover when you need it. Remember, it's always better to be over-insured, than under-insured.**

## Ask the king

**Me** I have a question about buildings insurance. I'm a newlywed and my wife and I just moved into our new house in the suburbs. I went to inspect 1 of the outbuildings in the back garden last week only to discover that a gang of people had moved in. They definitely weren't there when I moved in and when I questioned them, they said that they have a 'right' to be there. I have checked and they aren't 'holidaymakers' and worse, they seem to be planning on staying for quite a while. 2 days ago, I saw a truck arrive with suitcases and furniture. And just last night they showed up at the dinner table expecting to be fed! What should I do? Am I covered by the king for this?

**KP** First of all, do you have any idea how these people gained entry to your property?

**Me** I'm not sure, but I think my wife gave them a key.

**KP** ... Sorry?

**Me** I said I'm not sure, but I think my wife gave them a key.

**KP** Do you mind if I ask you a personal question? Do you know this 'gang of people' staying in your outbuilding?

**Me** Well... The incredibly scary leader is my wife's mother. And her partner seems to be her husband, who's also my wife's father.

**KP** Aha. This 'group of people' apparently staying on your property are what's commonly known as 'in-laws'. Before asking the king to step in, may we suggest that you first have a long talk with your wife...

## What's covered by the king

### You're covered for loss of, or damage to, your buildings caused by

- Fire.

- Other immovable structures, fixtures, fittings and improvements (e.g. ceilings, carpets and cupboards), damaged in the same incident, are covered.

 **Please note: There's no cover for sewerage pipes.**

### You're covered for the accidental damage of

- Fixed glass and sanitary ware, unless the building is unoccupied.
- Water, gas, electricity and/or telephone connections or pipes between the building and the public supply, or mains for which you're responsible.

 **Please note: There's no cover for accidental damage to any other items.**

### You're covered for fire brigade charges

You're covered for charges made by the fire brigade or any public authority following an incident for which you may claim.

## You're covered for temporary accommodation

Following an incident for which you may claim, we'll pay for the reasonable costs of other temporary accommodation for you or your tenant, as a result of the insured building being unfit to live in.

- Cover's limited to 10% of the insured value and applies only for the period that's reasonably required to make the building fit to live in.
- If the insured building is sublet to holidaymakers or used as a guesthouse, then we won't pay for other, temporary accommodation for such guests while your building is being repaired.

## Liability to others... What's covered

\* **Please note: You're covered for the following up to the maximum amount that's noted on your policy schedule.**

### Liability as the owner of the insured building

Where you and members of your household who live with you, are legally liable for:

- Accidental death, or bodily injury to, people other than members of your household or your domestic employees.
- Accidental loss of, or damage to, property belonging to people other than members of your household or your domestic employees.

### Liability to domestic employees

You're covered for all amounts that you're legally liable for in the case of death of, or bodily injury to, any of your domestic employees that's caused by an accident while he/she was working for you. - The ownership or possession of animals, other than domestic cats and dogs.

- The use of weapons and firearms.
- Damages and legal costs awarded against you by a court outside of Namibia.
- Any incident that causes damage to other people's property, or injury to them, and where a claim for damage to the building itself wouldn't have been covered.

So, you may not claim for damage to your building that resulted from the collapse of a poorly-built wall. This naturally means that, should this very incident, for which you may not claim, cause injury to a visitor, your liability to this person will also not be covered.

### **You're not covered for liability that's already covered by our laws and/or other insurance contracts such as**

- Any compulsory car insurance act.
- Any occupational health and safety legislation.
- Any compensation for occupational injury and diseases legislation.

- For glass and sanitary ware which are accidentally broken.
- For personal liability.
- For stolen building materials, fixtures, fittings and improvements.

### **You're not covered for matching materials**

There's no cover for any additional costs resulting from the unavailability of matching materials.

So, if we fix your burst pipe and some tiles are damaged in your bathroom, and you then want to replace the undamaged tiles too, as they no longer match, then we won't pay for the replacement of the undamaged tiles.

### **You're not covered for scorching**

There's no cover for loss or damage caused by scorching.

So, if damage is caused by a hot iron being placed face down on a kitchen counter or if a cigarette scorched your carpet, you won't be able to claim for it.

### **You're not covered for damage that's either caused, or contributed to, by**

### **You're not covered for theft from unoccupied buildings**

Theft is only covered if there are people living in the building, but not when the building is unoccupied for more than 45 days in a row. There must be visible signs of forced entry into, or exit from, the building.

There's also no cover for the theft of fixtures and fittings during alterations and additions at the property, unless the building is occupied.

### **You're not covered for sewerage/waste pipes**

There's no cover for leaking, bursting, overflowing or any other damage to sewerage/waste pipes, or any damage as a result thereof.

### **You're not covered for**

- Damage to retaining walls, unless they're designed and built according to structural engineering specifications.
- Additional underpinning of foundations that's necessary to prevent further damage.

## Optional cover

**Cover more, pay a little more**  
**Your choice, our pleasure**

 **Please note: You may choose to add the following to your basic buildings insurance cover. If you do, it'll only be covered if it's separately noted on your policy schedule, and an additional monthly premium is charged for it.**

### **Subsidence**

You can choose to add cover for damage that's caused to your property by the sinking, or downward movement, of the land that supports it, due to natural shifts or human activity.

- Any gradual soil movement supporting the structure.

# Home contents insurance

## In a nutshell...

Under home contents insurance you're covered for items stolen or damaged in your home, that belong to you and those living with you.

## By 'home contents' we mean

Imagine turning your house upside down... Everything that would fall out, should be included under your home contents insurance cover.

So, this means all personal items inside your home and outbuildings at the address noted on your policy schedule. Outbuildings, whether they're separate from the home or not, include garages, domestic quarters and storerooms. The outbuildings must be built from similar material as the main building. The contents must belong to you or to any members of your household who live with you.

**Please note: Jewellery and watches with individual values of more than N\$35,000 must be specified individually and noted separately on your policy schedule. These items must be locked in a safe when not being worn. Valuation certificates should be supplied for all jewellery items which are valued at N\$15,000 or more.**

## What's it worth

The insured value noted on your policy schedule is the maximum amount that we'll pay for any of your home contents insurance-related claims, less the excess amounts payable by you, and less any dual and under-insurance.

## Insured value

- Excess
- Dual insurance, if applicable
- Under-insurance, if applicable

} = Your payout

## Understanding under-insurance

You need to insure your contents for their total replacement value, meaning the cost of replacing your lost or damaged items with new items. Should you insure the contents for an amount less than its replacement value, we'll then pay you proportionately.

So, if the correct total insured value of the home contents at the time of a claim is N\$400,000 and you insure it for N\$200,000 only, then you'll only be compensated for 50% of your loss.

**Please note: You must make sure that your replacement value is realistic, so that you'll have enough cover when you need it.**

**Remember, it's always better to be over-insured, than under-insured.**

### Ask the king

**Me** I have a friend who had some problems recently and is thinking of changing insurance companies and signing up with King Price. He has a few questions about insurance cover, particularly in the area of home contents. Here's what happened...

It was during a terrible storm at night and a bolt of lightning struck 1 of my friend's outbuildings, causing a power surge that damaged his computer, while also causing a small explosion and a fire. This caused a large tree to become unrooted, which fell over, hit the car and caused it to roll into his swimming pool. But that's not all. Standing in the pouring rain attempting to assess the damage, my friend was almost hit by a flying toilet, which crashed into his garage. (It was later discovered that an aircraft, flying overhead at the time, was also affected by the lightning, and the aircraft's toilet disengaged and plummeted downward, towards my friend's house). But that's still not all.

A few days later, the neighbours, believing that my friend was to blame for all the misfortune, angrily spray-painted graffiti all over his yard and front wall. My friend wants to know: If he becomes a King Price client... Would he be covered the next time this happens?

**KP** Yes. If he was under the king's protection, he'd be covered. Although tell your friend not to call us, but to rather contact another insurance company. He's got to be the unluckiest guy we've ever heard of. However, just to recap for all our current policyholders... The king generously covers you for loss or damage caused by all of the following...

## **You're not covered for matching materials**

There's no cover for any additional costs resulting from the unavailability of matching materials.

So, if your geyser bursts and water drips through your ceiling, damaging a couch, we'll replace the couch... But, if it's part of a suite, we won't replace all of the couches. If you want to replace the undamaged couches, as they no longer match, we won't pay for this.

## **You're not covered for scorching**

There's no cover for loss or damage caused by scorching.

So, if damage is caused by a hot iron being placed face down on a kitchen counter or if a cigarette scorched your carpet, you won't be able to claim for it.

## **You're not covered for sets and pairs**

There's no cover for remaining parts or items that are part of any set or pair.

So, if you claim for a stolen item that forms part of a set or pair, we'll either replace the individual item or settle the cash equivalent. We won't replace the entire set or pair.

## **You're not covered for damage that's either caused or contributed to by**

- Rise of the underground water table, or pressure caused by it.
- Defects in the design or construction of the building or where the structure wouldn't have been approved by the relevant local authority at the time of construction.
- Construction, alteration or repairs, defective workmanship or materials.
- A lack of maintenance.

## **You're not covered for vacant, abandoned or illegally occupied properties**

If the property is vacant, abandoned or illegally occupied there's no cover for:

- Theft, attempted theft and other intentional acts.
- Fire and explosion.
- Accidental damage.

## **You're not covered for business or professional use**

There's no cover for the loss of, or damage to, goods used for business purposes and that's caused by any of the insured instances listed under this section.

## **You're not covered for a thatch roof**

Fire damage to your contents inside your building that has a thatch roof, or that's partly thatched, will only be covered if it's specifically noted on your policy schedule and an additional monthly premium is charged for it. You need to please ensure that your thatch roof has been treated against any fire hazard.

# Portable possessions insurance

## In a nutshell...

This section covers you for the loss of, or damage to, those precious portable items that you normally carry with you.

## By 'portable possessions' we mean

Personal items that you usually carry with you and that belong to you, or to any members of your household who live with you.

So, clothing, jewellery, laptops, photographic equipment and travel luggage can be insured under this section.

## What's it worth

The insured value that's noted on your policy schedule is the maximum amount that we'll pay for any claim, less the excess amounts payable by you, and less any dual insurance and under-insurance.

## Insured value

- Excess
- Dual insurance, if applicable
- Under-insurance, if applicable

} = Your payout

## Understanding under-insurance

You need to insure your portable possessions for their total replacement value. This means the cost of replacing your lost or damaged items with new items. Should you insure any items for an amount less than their replacement value, we'll then pay you proportionately.

So, if the correct total insured value for your portable possessions at the time of a claim is N\$200,000 and you've only insured them for N\$100,000, then we'll only pay out for half of your loss.

**Please note: You must make sure that your replacement value is realistic, so that you'll have enough cover when you need it. Remember, it's always better to be over-insured, than under-insured.**

## **Time to be specific**

**Please note: Possessions insured under this section fall into 1 of the following categories.**

### **Unspecified portable possessions**

As 'unspecified' suggests, this section covers a variety of items that you wear or carry with you. These may change from day to day and it would be impossible to list them each time you need to claim. These items are therefore automatically covered up to the overall maximum value that you choose. Within this overall limit, there's also a maximum value per item, which is noted on your policy schedule.

### **Specified portable possessions**

This refers to any items that are valued at more than the individual maximum value per item for unspecified portable possessions cover. Each item must be specifically named and the value of each item must be noted on your policy schedule.

Specified portable possessions would typically include:

- Electronic and computer equipment.
- Jewellery and/or watches.
- Photographic equipment.

The following items can only be insured under portable possessions insurance, if they are also specified separately under this section:

- Bicycles.
- Contact lenses and prescription glasses.
- Cellphones.
- Hearing aids.

### **Bicycle insurance**

You're covered for the loss of, or damage to, any part of your specified bicycle, as a result of:

- Accidental damage (even if sustained in a race, provided that you don't compete as a professional).
- Theft of the bicycle that happens anywhere in the world.
- Theft of the bicycle off a rack or carrier, provided that the bicycle was locked to the rack or carrier and the rack or carrier was secured to the car.

**Please note: We may settle your claim by paying out cash, or repairing or replacing the bicycle or parts thereof. If the bicycle or parts are still under warranty and a repair would influence the warranty, we'll uphold the warranty on the repair for as long as the manufacturer's warranty would have been in place. Our warranty on repairs can be transferred to the new owner should the bicycle be sold within this warranty period.**

## Where you're covered

All your insured portable possessions are covered anywhere in the world.

## What's NOT covered by the king

### You're not covered for the loss of, or damage to

- Washing stolen from the washing line at your home address.
- Electronic programs, data or unlicensed software.
- Money, cheques and other negotiable instruments.

- A watch damaged due to over winding, leaking batteries or immersion in water.
- Anything that's caused intentionally by you or any members of your household.
- Anything which happens with your knowledge or consent.
- Any items that are used to generate an income.

## Ask the king

**Me** I only use my laptop to see the cute puppy photos on Instagram.

**KP** That's great, there's no income being earned from that, so you can insure it as a portable possession.

**Me** But, my husband uses it to generate invoices for his plumbing business...

**KP** Uh oh! That's definitely an income-earning activity... For us to cover the laptop correctly, he should insure it with his business' insurance.

**Me** But will I have to go sit in his office to see the puppies?

**KP** No, it'll be covered wherever you are. Hey, do you follow @dogsofinstagram? #cutenessoverload!

## You're not covered for sets and pairs

There's no cover for parts or items that are part of any set or pair. So, if you claim for a stolen item that forms part of a set or pair, we'll either replace the individual item or settle the cash equivalent. We won't replace the entire set or pair.

## **You're not covered for drones or similar aerial devices**

There's no cover for drones or similar aerial devices if it's damaged whilst being used.

## **You're not covered for items inside an unoccupied car**

There's no cover for the loss of, or damage to, items that are left inside an unoccupied car, unless they're:

- Concealed in the enclosed storage areas, such as the cubbyhole, boot or under retractable or removable boot covers. This doesn't apply to baby or booster seats.
- The amount that we'll pay for any item stolen from the boot of the car is limited to the maximum amount that's noted on your policy schedule. This maximum amount will apply even if it has been specified for a higher value, as is stipulated in the 'locked boot' clause on your policy schedule.
- There must also be visible signs that the car was broken into.
- If the items that you're claiming for were stored in the loading area of an LDV and were concealed under hard-wearing, locked load covers, there must also be visible signs that the load cover was broken into.
- Items that are concealed under canvas covers aren't covered.
- If the stolen items were stored in the loading area of an LDV with a canopy and the canopy's windows are covered with 'smash-and-grab' safety film of at least 100 microns and with visibility of 35% or less, there must also be visible signs that the canopy was broken into.
- There's no cover, at all, if any of the following items are left in the loading area:
  - Cellphones.
  - Computer, audiovisual and photographic equipment.

## **You're not covered for racks, carriers and other items**

There's no cover for racks or carriers, unless they're secured to the car. There's also no cover for items on the racks or carriers, unless they're secured to them.

## Ask the king

**Me** I've just finished reading and studying my King Price Policy Document and checking the details on my policy schedule. The good news is, I think I understand everything and have learnt so much about insurance cover. So my question is... What's next? What happens now?

**KP** What happens now? That's easy. Go forth, live your life, work hard, play hard, take care of your loved ones and enjoy this great nation of ours. And, other than taking care of your responsibilities outlined in this document and paying your monthly premiums, of course... Relax. We'll handle the rest.

**Me** Wait a minute. I thought we were just getting to know each other... Developing a friendship here. There must be something else I can do?

**KP** Well, now that you mention it, you can spread the word... And the savings. Tell your friends about King Price and our award-winning royal service and super cheap premiums.

**Me** You got it.

# Watercraft

## By 'watercraft' we mean

- Any boat used on water for social, domestic or pleasure purposes such as a motor, ski or rowing boat, yacht or jetski, including the hull, motors and machinery.
- Your equipment or accessories that form part of the watercraft may also be insured, but this will be at an additional monthly premium and must be specified separately on your policy schedule.

\* **Please note: Any trailer used to transport any watercraft must be insured separately under the king's trailer section.**

## What you use your watercraft for

- You're only covered if the watercraft is used for social, domestic or pleasure purposes.
- Watercraft that are used for any of the following aren't covered by the king:
  - Any racing activities.
  - Towing of other watercraft.
  - Taxi purposes or transporting of fare-paying passengers.
  - Business purposes.

## The insured value... What it's worth

The insured value noted on your policy schedule is the maximum amount that we'll pay for any of your watercraft insurance-related claims, less the excess amount payable by you, less any dual and/or under-insurance.

If the watercraft is financed, we'll first pay the outstanding settlement over to the relevant finance institution, up to the maximum insured value. This excludes settlement penalties and interest charges on arrear payments that your finance institution may charge. The balance, if any, will be paid to you.

## Insured value

- Excess
- Dual insurance, if applicable
- Under-insurance, if applicable

} = Your payout

You need to insure your watercraft for the reasonable market value. This means the amount that it will cost you at the time of the claim to replace your watercraft.

## **Understanding under-insurance**

Should you insure the watercraft for an amount less than its reasonable market value, then we'll pay your claim out proportionately. So if the value of your watercraft is N\$400,000 and you only insure it for N\$200,000, then you'll only be compensated for 50% of your loss.

## **What's covered by the king**

You're covered for loss or damage:

- Caused accidentally.
- Caused intentionally by someone else.

### **You're not covered for liability when your watercraft claim is rejected**

You're not covered for any incident which causes damage to other people's property or injury to them when the claim for loss of, or damage to, the watercraft itself isn't covered.
